

*“SAP Business One is a central place of doing business.”*

Thato Mogorosi, IT Officer, Proudly South African

## SAP BUSINESS ONE PROUDLY SUPPORTS LOCAL BUSINESSES

Proudly South African is an organization committed to uplifting the South African ethos. They turned to G3G to implement a new business management system and opted for SAP Business One. They can now continue to promote local economic and social progress with ease.

### OBJECTIVES

- Proudly South African’s previous system was old and difficult to maintain with no room for growth.
- The immense growth in their membership database could not be accommodated.
- A new scalable and consolidated business management system was required that could eliminate existing issues, integrate their website and support membership communication.

### WHY SAP AND G3G

- SAP Business One is an integrated and easy-to-use system that provides everything Proudly South African requires from an ERP solution.
- G3G quickly acts on all requests, fixes any complications and serves not only as an ERP solution provider, but also as a business advisor.
- G3G is a great partner that can develop and implement custom integrations and add-ons, to effortlessly work within SAP Business One.

### BENEFITS

- Proudly South African can now access an overview of all operations at any given time.
- Manual processes have been replaced, saving time and inaccuracies.
- Custom integrations and add-ons have simplified Proudly South African’s business processes and procedures and allows them to operate at a faster speed.
- With the Membership Renewal Solution, membership communication has been enhanced, with invoices being sent directly to members without manual intervention.
- Customizable reports are easy to produce and provide to the management team.
